# CREDIT CHANGED MY LIFE

## The Complete Business Credit & Credit Repair Playbook

Step-by-step guide: build business credit with your EIN (no SSN), remove negative items using FCRA & Lanham Act strategies, and get funded.

---

## MODULE 1 — What Is Business Credit?

Business credit is tied to your EIN — not your SSN. Your business builds its own credit profile, completely separate from you personally. No personal guarantee. No personal credit check.

**Key Benefits:**

- No personal guarantee or credit check required
- Credit limits 10–100x higher than consumer credit
- Build a Paydex score in 30 days vs 6+ months for FICO
- Doubles your total borrowing power
- Does NOT appear on your personal credit report

| Score Type | Key Requirement | Time to Build |
|---|---|---|
| FICO (Personal) | Mortgages, car loans, 10+ year history | 10–12 years for 800+ |
| Paydex (Business) | Pay on time — that's it | 80 score in 30 days |

---

## MODULE 2 — Business Credibility Setup

Lenders run automated credibility checks. Pass all of these BEFORE you apply for any credit:

**Entity:** LLC or Corporation ONLY — never sole proprietor

**EIN:** Free at irs.gov — your business credit is built under this

**Business Name:** IDENTICAL on LLC papers, IRS, bank, 411, Google, D&B;, and all applications

**Address:** NO home address, NO PO Box — use Regus or virtual office

**Phone:** Toll-free 800/855/877 via RingCentral — never your cell phone

**Fax:** Required on applications — RingCentral delivers to your email

**411 Listing:** Required for vendor credit — ListYourself.net ~$30/mo

**Website:** Professional only — Wix + Upwork = $150–300

**Email:** yourname@yourbiz.com — NEVER Gmail or Yahoo

**Licensing:** All city, county, state, industry licenses current and matching

---

# MODULE 3 — DUNS Number & Credit Reports

Your DUNS number is your global business identifier from Dun & Bradstreet (220M+ records). It's free and required for vendor credit.

**How to Get It:**

- Go to dnb.com and register (completely free)
- Wait 2–4 weeks to receive your 9-digit DUNS number
- Do NOT buy any D&B; monitoring products — your profile activates automatically
- Use your DUNS on all vendor applications

---

# MODULE 4 — Starter Vendor Accounts

Apply to these 5 vendors before approaching any major retailer. They report to the bureaus without requiring your SSN.

| Vendor | Reports To | SSN? | How to Get Approved |
|---|---|---|---|
| Quill.com | D&B | No | Place order → request credit at checkout |
| Grainger | D&B | No (leave blank) | Order $50+, select Invoice Me |
| Uline | D&B | No | 2–3 prepaid orders, then apply |
| Reliable/Office Depot | D&B + EXP + EQ | No | Request invoice at checkout |
| Monopolize MKT | Experian | No | 4 payments of $59.99 at checkout |

You need at least 5 accounts reporting before applying for revolving store credit cards.

---

# MODULE 5 — Revolving Credit & High Limits

After 60–90 days with 5+ accounts reporting, apply for revolving business credit at major retailers — no SSN, no personal guarantee.

**Dell Business:** Call 800-999-3355 (not online). Requires 75+ Paydex. Apply using EIN only.

**Amazon Business:** Apply with EIN only. Initial limits $500–$2,500, growing to $3,500+ after a few months.

| Stage | Timeline | Typical Limits |
|---|---|---|
| 1 — Starter Vendors | Month 1–2 | $500–$2,000 per account |
| 2 — Store Cards (Dell, Amazon) | Month 2–3 | $2,500–$10,000 |
| 3 — Major Credit Cards | Month 4–6 | $10,000–$50,000 |
| 4 — Bank Loans (EIN only) | Month 6–12 | $50,000–$500,000+ |

---

# MODULE 6 — Trademark Your Legal Name (EXCLUSIVE)

When your legal name is a federally registered USPTO trademark, bureaus attaching false data to it may constitute trademark dilution under the Lanham Act (15 U.S.C. § 1125) — forcing their Legal department to respond directly.

### How to File:

- Search at: tmsearch.uspto.gov
- File at: uspto.gov/trademarks — use TEAS Plus ($250–350 per class)
- Class 36 (Financial Services) recommended
- Timeline: 8–12 months for full registration
- Your pending serial number can be used in letters immediately

---

# MODULE 7 — The Dispute Letter System

ALWAYS send via USPS Certified Mail, Return Receipt Requested — addressed to the **Office of General Counsel**. NEVER use web portals.

### Bureau Addresses:

Experian — Office of General Counsel | P.O. Box 4500, Allen, TX 75013

Equifax — Office of General Counsel | P.O. Box 740256, Atlanta, GA 30374

TransUnion — Office of General Counsel | P.O. Box 2000, Chester, PA 19016

### Letter Sequence:

| Letter | Type | When to Use |
|---|---|---|
| Letter 1 | FCRA Fraudulent Removal | Account is fraudulent or identity theft |

| | | |
|---|---|---|
| Letter 2 | Payment History Correction | Late payments showing incorrectly |
| Letter 3 | Trademark Infringement | Have USPTO trademark — escalate to Lanham Act |
| Letter 4 | MOV Demand | They verified without proving how |
| Letter 5 | Secondary Notice | Second refusal after your evidence |
